Presentation of the project

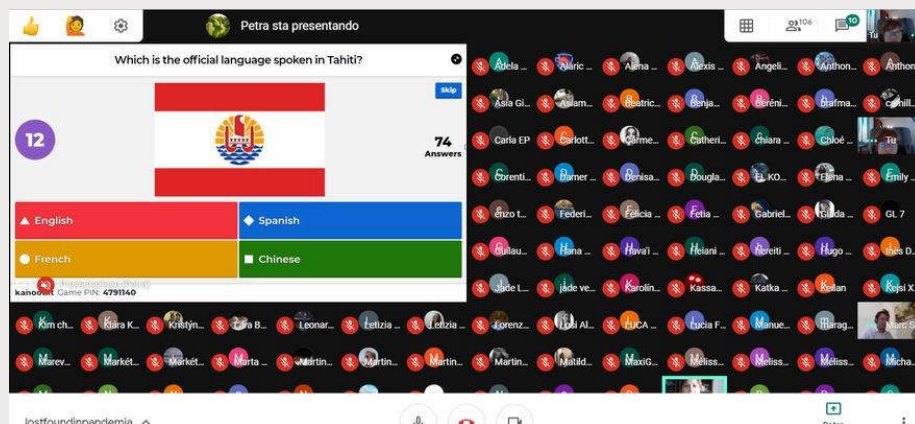

This project, born during the COVID-19 pandemic, wants to help students and teachers to reflect on how the virus and the lock down we are experiencing will impact our future together.

Students are led through reading, teamwork and social research to figure out positive ways to overcome this emergency.

They can also try out smart working with students from other countries and build safe relationships with peers.

1st plenary meeting:
108
 people
 connected
 !

Kahoot:
 20 questions: 5 questions about each country: Italy, Czech Republic, France and Tahiti.
The winner is a Tahitian student:
Tianui Paie!
